

## Tips for memorizing a Scripture song

1. Read the lyrics carefully
  - work at understanding the passage
  - get a visual picture of how the words are put on the page along with the graphics
2. Listen to the song several times
3. Using the lyric sheet, try singing with the song (or reciting, if singing seems too hard)
4. Sing with the tape without looking at the lyrics
5. Sing the song without tape or lyrics
  - if helpful, try writing the song out
6. See if you can recite the words, without singing, in their biblical form(leaving out the song's additions- such as repeats, and extra words like "oh yeah," or "I said" added for effect)
7. Use the newly memorized Scriptures in various ways(meditation, prayer, conversation)
8. Set up regular review times
  - several times a year will work after you've originally mastered the song
